“C.A.R.E.S. PREVENTION LAUNCHES VETERAN OUTREACH”

FORT MYERS, FL, January 16, 2018 - C.A.R.E.S. Prevention is excited to announce the launching of their new outreach initiative starting February 25, 2018. Initiated to concentrate on helping veterans to answer the rising suicide rate among this particular group, **CARES COURSE** offers veterans participation in a one day obstacle ropes course meant to build friendships and camaraderie at the FGCU campus in Buckingham Center, Fort Myers.

This 4-hour challenge high ropes experience is available free of charge to veterans. C.A.R.E.S. staff will be joined by a therapist and FGCU Eagle Challenge Course staff to facilitate an exciting and positive day for our veterans.

“The recent addition of the CARES Course initiative, which is specifically for veterans, is just another example of how C.A.R.E.S. Prevention aggressively pursues better opportunities for those who have put service before self,” says Virginia Cervasio, Founder of CARES. “Florida Gulf Coast University has partnered with us to make sure that the participants will have a day of fun while encouraging taking on personal challenges.”
